

Customizing the Silver Swatch Book

This guide is ready for you to print and share as-is or you can customize it with your logo.

Add Your Logo to the Covers

Space has been created for you to add your company logo as shown below, noting that it should only be placed in these areas:

You may add your logo here on the **front cover**

You may add your logo here on the **back cover**

Please advance to the next page...

An Important Note on Image Rights

Throughout the guide, you will see inspirational examples that showcase different swatches. Stock imagery has been used in some of these examples. While the stock imagery has been modified with embellishments, it is still recognizable when compared to the original.

If you want to modify the swatch book in any way *aside from adding your logo*, you must purchase rights to all the images used. The images that require purchase are shown below:
